## Siemens Healthineers Instrument Demo Vehicle

You are invited to visit the Siemens Healthineers demo vehicle to learn what's new in laboratory innovation. Our traveling display allows you to conveniently experience the intelligent analytics of the Atellica® Solution and the productivity-enhancing features of the Dimension® ExL™ 200 Integrated Chemistry System.

### Location

### Day & Time

We hope that you enjoy your experience learning about our laboratory diagnostic solutions in the demo vehicle and look forward to seeing you there.

If you have any questions, please don't hesitate to contact me.

Regards,

*Siemens Healthineers, a global leader in clinical diagnostics, offers a comprehensive portfolio of products that unite clinical and workflow excellence, leading to improved outcomes and economics.*
